Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/PP class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/P/P's they are sure to know the answer.

Finally the K/PP/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter's and Wally's we will see this year?

We have commenced work on our Charlotte's Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product.

The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

What’s happening in the classrooms?

Canteen Corner!

Tuesday 20th September:
Lara Vesela & Lisa Ebsary

From the Front Desk....

The office will be attended
Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Lisa Ebsary

P & F NEWS

Fundraising

All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

P & F Executive

Altar Server

Sunday 9th October
Joshua Ellis

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are:
Joshua Ellis
Josie Love
Jordon Della Franca
Kate Tcheton
Jeremiah Chamoun
Daniel Chamoun and
Sophia Batticci

Thank you for your support.

Educational Experience Fundraiser

Each family received a catalogue. St Joseph’s School will receive 20% of all orders submitted. Please return all orders to the school office by THIS Thursday 22nd September.

P & F Executive

CELEBRATING THEIR BIRTHDAY THIS WEEK ARE:
Lachlan Abraham
Tues 20th September
&
Dawn Flick
Thurs 22nd September

Years 2 & 3

Kayden Flick
For always trying his best in team situations

Yr 4

This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

Years 5 & 6

Aiden North
Aiden wants the team to work, he knows how to encourage and commit to group decisions. Aiden you are a good negotiator and you have a great sense of fairness.
Dress up day is on the last day of term – Thurs 22 September!

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lessons which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manjii Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences)
Moderate screen time   (encourage lots of physical, creative and sensory play)
Bedrooms are screen free zones (turn off screens 1-2 hours before bed)
Have a screen free day!!
### Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/PP/1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tally charts have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PP/1’s they are sure to know the answer.

Finally the K/PP/1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

### Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

### Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

### What’s happening in the classrooms?

#### Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

We are fast approaching the end of the term, but it has still been all systems go in the K/Pp class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/Pp class how they are sure to know the answer.

Finally the K/Pp/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

From the Front Desk….

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Altar Server
Sunday 9th October
Joshua Ellis

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis Josie Love Jordon Della Franca Kate Trenchon Jeremiah Chamoun Daniel Chamoun and Sophia Batticci

Thank you for your support.

Thank you for your support.
May your troubles be less
and your blessings be more
And nothing but happiness
come through your door.

Mrs Ryan
We seem to be seeing
more of this lovely woman
now that she has retired
than ever before! A big
to Mrs Ryan for helping out in Mr Pardiní’s
absence, the children certainly love
having you here!

Winter Season
I think it is safe to say
we have now maybe had enough
of the chilly mornings and cool days. Hopefully
the sun will be starting to make a
regular appearance soon. Of course
with the winter season we have seen
the associated coughs and colds and we
thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it
certainly does help limit the spread of
nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need
anything from our uniform shop, please see Kerry Bendotti as now is the
time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4
(Tuesday 11th October).

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use.
Set healthy boundaries (be clear regarding expectations and consequences)
Moderate screen time (encourage lots of physical, creative and sensory play)
Bedrooms are screen free zones (turn off screens 1-2 hours before bed)
Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

Swimming Lessons
Coming home today with the In
Touch is the relevant paperwork
for the annual swimming lesson
which will commence in Week 2
(Monday 17th Oct) next term. Please ensure prompt payment
and return of the forms to the
office at the start of next term. If you have a membership with Manji
Aquatic Centre please contact the
office. The lessons will be in the
afternoon so I imagine you will have some tired little vegemites each
evening!

First aid saves lives.
We have a range of first aid training courses that equip you
with the skills you need to help save the ones you love.
Upcoming courses:

- PEMBERTON SUB CENTRE PROVIDE FIRST AID HLTAID003
  (1 Day Flexible Learning)
  Wednesday 19th October 2016
  8:30am – 4:30pm
  Cost $160 per person ($130 pensioner/unemployed/student)
  All enquiries to be made to the Manjimup Sub Centre.

Kindy/PP & Yr 1

We are fast approaching the end of term, but it has still been all systems go in the K/PPYr 1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tally’s have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PPYr 1’s they are sure to know the answer.

Finally the K/PPYr 3 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add.

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinner! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0, 1, 1, 2, 3, 5, 8. This number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 20

From the Front Desk....

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

What’s happening in the classrooms?

Yr 5/6

Educational Experience Fundraiser

Each family received a catalogue. St Joseph’s School will receive 20% of all orders submitted. Please return all orders to the school office by THIS Thursday 22nd September.

Canteen Corner!

MJR

Kindy/PP & Yr 1

Jayden Sawyer

For great teamwork and being able negotiate and compromise when needed.

Yrs 2 & 3

Kayden Flick

For always trying his best in team situations

Yr 4

This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

Altar Server

Sunday 9th October

Joshua Ellis

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfill their time to serve on their rostered day, then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis, Josie Love, Jordon Della Franca, Kate Tethxton, Jeremiah Chamoun, Daniel Chamoun and Sophia Batticci.

Thank you for your support.

CELEBRATING THEIR BIRTHDAY THIS WEEK ARE:

Lachlan Abraham

Tues 20th September

&

Dawn Flick

Thurs 22nd September

kindy/PP & yr 1
Dress up day is on the last day of term – Thurs 22 September!

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

St Joseph’s In Touch

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Have a screen free day!!

**Kindy/PP & Yr 1**

We are fast approaching the end of the term, but it has still been all systems go in the K/Pp class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/Pp’s they are sure to know the answer.

Finally the K/Pp/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

**Yr 2/3**

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

**Yr 4**

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

May your troubles be less and your blessings be more
And nothing but happiness come through your door

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing... is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is Thursday 22nd September. Here’s hoping the sun decides to come out during the... A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lesson which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manjimup Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences) Moderate screen time (encourage lots of physical, creative and sensory play) Bedrooms are screen free zones (turn off screens 1-2 hours before bed) No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is addictive or causes distress)

- And Live Music, and... so much more....

Swimming L
Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lessons which will commence in Week 2 (Monday 19th September) next term. Please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please

First Day Term 4
Tuesday 11th Oct

2016 Quinninup Market Day
Sunday 2nd October 2016 9AM – 4PM

Swimming L
Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lessons which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manjup Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use.

- Set healthy boundaries (be clear regarding expectations and consequences)
- Moderate screen time (encourage lots of physical, creative and sensory play)
- Bedrooms are screen free zones (turn off screens 1-2 hours before bedtime)
- No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

Have a screen free day!!
Fundraising
All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

P & F Executive
We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis  Josie Love  Jordon Della Franca  Kate Trench  Jeremiah Chamoun  Daniel Chamoun and Sophia Batticci

Thank you for your support.

Canteen Corner!
What’s happening in the classrooms?

Yr 2/3
The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 4
This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

From the Front Desk....
The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Lisa Ebsary

Educational Experience Fundraiser
Each family received a catalogue. St Joseph’s School will receive 20% of all orders submitted. Please return all orders to the school office by THIS Thursday 22nd September.

P & F NEWS

Yr 5/6
Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 2
We are fast approaching the end of the term, but it has still been all systems go in the K/P/1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/P’s they are sure to know the answer.

Finally the K/P/1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Cupcake Corner!

- And Live Music

... so much more...

**Swimming Lessons**

Coming home today with the In Touch is the relevant paperwork for the annual swimming lesson which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manji Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

**Healthy iPad Use**

As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use.

- Set healthy boundaries (be clear regarding expectations and consequences)
- Moderate screen time (encourage lots of physical, creative and sensory play)
- Bedrooms are screen free zones (turn off screens 1-2 hours before bed)
- No iPads at the table (promote conversation instead)
- Choose apps that support your child’s wellbeing (avoid anything that is additive or causes distress)

Have a screen free day!!

**KINDY / PP & YR 1 EXCURSION**

**FIRST DAY TERM 4**

**Tuesday 11th Oct**

**LAST DAY TERM 3**

**Thursday 22nd Sept**

St Joseph’s

In Touch
Kindy/PP & Yr 1
We are fast approaching the end of the term, but it has still been all systems go in the K/PP-Yr 1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PP’s they are sure to know the answer.

Finally the K/PP/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 2/3
The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 4
This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

Yr 5/6
Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Altar Server
Sunday 9th October
Joshua Ellis

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are:
Joshua Ellis
Josie Love
Jordon Della Franca
Kate Thexton
Jeremiah Chamoun
Daniel Chamoun and
Sophia Batticci

Thank you for your support.

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardin’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11th October).

Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lessons which will commence in Week 2 (Monday 17th Oct) next term. Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lesson which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manjimup Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences) Moderate screen time (encourage lots of physical, creative and sensory play) Bedrooms are screen free zones (turn off screens 1-2 hours before bed) No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

Have a screen free day!!
**Fundraising**

All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

**P & F Executive**

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis, Josie Love, Jordon Della Franca, Kate T hexton, Jeremiah Chamoun, Daniel Chamoun and Sophia Batticci.

Thank you for your support.

---

**What’s happening in the classrooms?**

**Yr 2/3**

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced our work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the year!)

**Yr 5/6**

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Dress up day is on the last day of term – Thurs 22 September!

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it)!

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel 'Misery Guts'. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tally’s have been carefully converted into picture graphs.

Can you guess what the least common eye colour is on our class? Ask any of the K/P/P1’s they are sure to know the answer.

Finally the K/P/P/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

P & F Executive

Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/P/P1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

Yr 4

This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands!! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done.

Remember, we can achieve anything if we work together as a team!

Yr 5/6

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

Yr 5

From the Front Desk….

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Fundraising
All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

P & F Executive

Altar Server
Sunday 9th October
Joshua Ellis

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis Josie Love Jordon Della Francia Kate Thtxton Jeremiah Chamoun Daniel Chamoun and Sophia Batticci

Thank you for your support.

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing ... is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the ... A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lesson which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manj Marine Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences) Moderate screen time (encourage lots of physical, creative and sensory play) Bedrooms are screen free zones (turn off screens 1-2 hours before bedtime) No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

Have a screen free day!!
Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/PP1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PV1’s they are sure to know the answer.

Finally the K/PP/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product.

The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

P & F Executive

Altar Server

Sunday 9th October

Joshua Ellis

Canteen Corner!

Kindy/PP & Yr 1

Jayden Sawyer

For great teamwork and being able negotiate and compromise when needed.

Years 2 & 3

Kayden Flick

For always trying his best in team situations

Yr 4

This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands!! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

Years 5 & 6

Aiden North

Aiden wants the team to work, he knows how to encourage and commit to group decisions. Aiden you are a good negotiator and you have a great sense of fairness.

Jayden Sawyer
For great teamwork and being able negotiate and compromise when needed.

**Years 2 & 3**
Kayden Flick
For always trying his best in team situations

**Yr 4**
This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

**Celebrating your birthday this week are:**

- Lachlan Abraham
  - Tues 20th September
- Dawn Flick
  - Thurs 22nd September
**Manjimup Junior Cricket Club**
Registration – Saturday 15th October
Collier Street Oval, 8:30 – 10:30am.
Registration forms are available from the school office for Season 2016/2017 or from Jodi Johnston.
Age groups are: 9 and under, 14 and under, 16 and under.
Any enquiries please contact:
Brad Barton (Pres & 16's) – 0427717923
Peter Bamess (9’s/14’s) – 0428717930
Jodi Johnston (Sec / Treasurer) – 0428967441
Brad Ellis (Pemberton contact) – 0427445061

**Swimming Lessons**
Coming home today with the In Touch is the relevant paperwork for the annual swimming lesson, which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manj Quality Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

**Healthy iPad Use**
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences) 
Moderate screen time   (encourage lots of physical, creative and sensory play) 
Bedrooms are screen free zones (turn off screens 1-2 hours before bed)
No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is addictive or causes distress)

Have a screen free day!!

**Upcoming Events**
**First Day Term 4**
Tuesday 11th Oct

**Last Day Term 3**

**KINDY / PP & YR 1 EXCURSION**
This Monday 19th September
**Fundraising**

All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

**P & F Executive**

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can't be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis  Josie Love  Jordon Della Franca  Kate Thexton  Jeremiah Chamoun  Daniel Chamoun and  Sophia Batticci

Thank you for your support.

**What’s happening in the classrooms?**

**Yr 2/3**

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

---

**Yr 5/6**

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

---

**Kindy/PP & Yr 1**

We are fast approaching the end of the term, but it has still been all systems go in the Kindy/PP class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/P1’s they are sure to know the answer.

Finally the K/PP/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Swimming Lessons

As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences), Moderate screen time (encourage lots of physical, creative and sensory play), Set healthy boundaries (be clear regarding expectations and consequences), and Digital diet (serve your child’s wellbeing (avoid anything that is addictive or causes distress), Have a screen free day!!
Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/PP/1 class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PP/1’s they are sure to know the answer.

Finally the K/PP/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Fundraising

All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

P & F Executive

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis Josie Love Jordon Della Franca Kate Thexton Jeremiah Chamoun Daniel Chamoun and Sophia Batticci

Thank you for your support.

From the Front Desk....

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Lisa Ebsary

Educational Experience Fundraiser

Each family received a catalogue. St Joseph’s School will receive 20% of all orders submitted. Please return all orders to the school office by THIS Thursday 22nd September.

P & F NEWS

Canteen Corner!

Lisa Ebsary

Years 2 & 3

Kayden Flick
For always trying his best in team situations

Yr 4

This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

Years 5 & 6

Aiden North
Aiden wants the team to work, he knows how to encourage and commit to group decisions. Aiden you are a good negotiator and you have a great sense of fairness.

CELEBRATING THEIR BIRTHDAY THIS WEEK ARE:
Lachlan Abraham
Tues 20th September
&
Dawn Flick
Thurs 22nd September

Mrs Ryan

We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

End of Term / Beginning of Term

A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the day! A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Healthy iPad Use

As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use.  
- Set healthy boundaries (be clear regarding expectations and consequences)  
- Moderate screen time (encourage lots of physical, creative and sensory play)  
- Bedrooms are screen free zones (turn off screens 1-2 hours before bed)  
- No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

St Joseph’s
In Touch

Dress up day is on the last day of term – Thurs 22 September!

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Manjimup Junior Cricket Club
Registration – Saturday 15th October
Collier Street Oval, 8.30 – 10.30am.
Registration forms are available from the school office for Season 2016/2017 or from Jodi Johnston.

Age groups are; 9 and under, 14 and under, 16 and under.

Any enquiries please contact:
Brad Barton (Pres & 16’s) - 0427717923
Peter Banness (9’s & 14’s) - 0428719730
Jodi Johnston (Sec / Treasurer) – 0428967441
Brad Ellis (Pemberton contact) - 0427445061

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use.

• Set healthy boundaries (be clear regarding expectations and consequences)
• Moderate screen time (encourage lots of physical, creative and sensory play)
• Bedrooms are screen free zones (turn off screens 1-2 hours before bedtime)
• No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is addictive or causes distress)

Have a screen free day!!

St Joseph’s
In Touch

Dress up day is on the last day of term – Thurs 22 September!

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be starting to make a regular appearance soon. Of course with the winter season we have seen the associated coughs and colds and we thank parents for keeping children at home when they have been unwell. It is always a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it!). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the holidays! School resumes for the students on TUESDAY 11th October. A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

**Fundraising**

All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

**P & F Executive**

We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis  Josie Love  Jordon Della Franca  Kate Thexton  Jeremiah Chamoun  Daniel Chamoun and Sophia Batticci

Thank you for your support.

---

**What’s happening in the classrooms?**

**Yr 2/3**

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

**Yr 5/6**

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

---

**From the Front Desk…**

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

**What’s happening in the classrooms?**

**Yr 4**

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Lisa Ebsary

Kindy/PP & Yr 1

We are fast approaching the end of the term, but it has still been all systems go in the K/P/P class.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/P/P’s they are sure to know the answer.

Finally the K/P/P/Yr 1 children have brought home a permission slip relating to our end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

First Day Term 4
Tuesday 11th Oct

Swimming Lessons
Coming home today with the In Touch is the relevant paperwork for the annual swimming lessons which will commence in Week 2 (Monday 17th Oct) next term. Please ensure prompt payment and return of the forms to the office at the start of next term. If you have a membership with Manji Aquatic Centre please contact the office. The lessons will be in the afternoon so I imagine you will have some tired little vegemites each evening!

Healthy iPad Use
As a parent of three teenage boys that want to be connected to anything electronic for 24 hours, I found these suggested tips for how to establish ‘healthy’ iPad use. Set healthy boundaries (be clear regarding expectations and consequences) Moderate screen time (encourage lots of physical, creative and sensory play) Bedrooms are screen free zones (turn off screens 1-2 hours before bed) No iPads at the table (promote conversation instead). Choose apps that serve your child’s wellbeing (avoid anything that is additive or causes distress)

Have a screen free day!

KINDY / PP & YR 1 EXCURSION
THIS Monday 19th September

St Joseph’s
In Touch

Upcoming Events

Book Week – Dress up Day
It is that time of the year again where we start rummaging through the cupboards to find that elusive piece of clothing that will top off the amazing costumes we are planning for next Thursday’s book parade! It is always a great way to showcase some creativity and to show everyone who our favourite book character is at the moment. We are planning on having the ‘parade’ at 9am on Thursday in the hall, please feel free to join us!

End of Term / Beginning of Term
A reminder that the end of term is THURSDAY 22nd September. Here’s hoping the sun decides to come out during the day! A reminder that all children will be expected to be in full summer uniform, including their hats for outside play.

Mrs Ryan
We seem to be seeing more of this lovely woman now that she has retired than ever before! A big thanks to Mrs Ryan for helping out in Mr Pardini’s absence, the children certainly love having you here!

Winter Season
I think it is safe to say that we have now maybe had enough of the chilly mornings and cool days. Hopefully the sun will be shining more during the days which I am sure will help. Definitely a tricky call to make with your own children but it certainly does help limit the spread of nasty bugs and germs.

Summer Uniform
Next term will see the return of the summer uniform (and hopefully the weather to go with it). If you need anything from our uniform shop, please see Kerry Bendotti as now is the time to place orders.

P & F and School Board meetings
Please note the next set of meetings will be in the first week of Term 4 (Tuesday 11 October).
Fundraising
All fundraising money are now due! Please return your unsold items and monies due to the office ASAP. Your cooperation is greatly appreciated.

P & F Executive
We are very grateful to all the children who have taken on the ministry of Altar Serving. Your service to the Parish is extremely valuable and it is always wonderful to see a Server carry out their commitment.

If your child is unable to fulfil their time to serve on their rostered day; then please find a replacement. If a replacement can’t be found please notify Br. Robert on 0449 036 314.

Currently our Altar Servers are: Joshua Ellis Josie Love Jordon Della Franca Kate T revton Jeremiah Chamoun Daniel Chamoun and Sophia Batticci

Thank you for your support.

Yr 2/3
The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 5/6
Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to him inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Canteen Corner!
Tuesday 20th September: Lara Vesela & Lisa Ebsary

From the Front Desk....
The office will be attended Monday, Tuesday, Wednesday and Thursday next week.

Thank you to all you lovely parents who have sent in your absentee notes. There will be a few more going home this week. If you could please have these sent in before next Thursday 22nd September that would be fantastic so that our system can be updated. Much appreciated.

Lisa Ebsary

Educational Experience Fundraiser
Each family received a catalogue. St Joseph’s School will receive 20% of all orders submitted. Please return all orders to the school office by THIS Thursday 22nd September.

Yr 2 & 3
Kayden Flick
For always trying his best in team situations

Yr 4
This week we are discussing teamwork in our classes. On Tuesday the Year 2/3 class joined with the Year 4 class to complete a teamwork STEM challenge. They had to make the tallest tower possible using ten plastic cups but the challenge was that they were not allowed to use their hands! They were only allowed to use straws, rubber bands and string. Although this was challenging at first the students worked together in the teams and achieved success. Well done. Remember, we can achieve anything if we work together as a team!

CELEBRATING THEIR BIRTHDAY THIS WEEK ARE:
Lachlan Abraha Tues 20th September
&
Dawn Flick Thurs 22nd September

Aiden North
Aiden wants the team to work, he knows how to encourage and commit to group decisions. Aiden you are a good negotiator and you have a great sense of fairness.
Dress up day is on the last day of term – Thurs 22 September!

Yr 2/3

The countdown is on until the end of term! We are quite excited about Dress Up Day on Thursday where we will get to dress up in our favourite book character costume. I wonder how many Harry Potter’s and Wally’s we will see this year?

We have commenced work on our Charlotte’s Web dioramas. The children have some amazing ideas and it is wonderful to see the students bringing their favourite scene from the book “to life”. The creativity in some children is impressive and I cannot wait to see the final product. The aim is to have the dioramas finished and on display in the library at the beginning of next term.

Assessment books will be sent home next week and we are still waiting on a few to be returned. It does seem to have been a rather quick turn around this term, but have no fear, we have even more fantastic work samples to add!

Have a lovely weekend (and just letting you know there is only 48 schools day left until the end of the school year!)

Yr 2

In maths this week the children have continued to refine their statistical skills. Conducting a range of surveys from the most popular ice-cream flavour in the class to the most common eye-colour. The data they have gathered in short surveys and tallies have been carefully converted into picture graphs. Can you guess what the least common eye colour is on our class? Ask any of the K/PY1’s they are sure to know the answer.

Finally the K/PY/1 children have brought home a permission slip relating to an end of term excursion to Pemberton’s Enchanted Forest this coming Monday morning.

Please take the time to read this note and return the permission slip to school ASAP.

Yr 5/6

Fibonacci numbers are an interesting mathematical sequence that we have used to apply colours with this week. We learned a little about the mathematician Leonardo Fibonacci and his number sequence of 0,1,1,2,3,5,8 this number sequence can be found in nature and we looked at the number of petals on flowers and points on leaves it really was quite interesting.

It was very nice to have Br Robert visit our class on Tuesday afternoon, he helped us with our colouring the Fibonacci way and we look forward to inviting him back for another Tuesday afternoon.

Remember that next week is our book week dress up day, can’t wait to see what everyone has planned, enjoy the weekend!

Yr 4

This week we have taken a trip from London to Australia and everywhere in between whilst reading our novel ‘Misery Guts’. Keith has finally managed to persuade his parents to shift to Australia in an attempt to turn them from moaners and groaners to winners and grinners! We wonder what will happen next?

In maths we have been looking at time. We have been reading clock times, solving elapsed time problems and converting between seconds and minutes. This has proven to be quite tricky but the class seem to love the challenge.

This week the Pre-Primaries and Year Ones have learnt a little about our focus author, the amazing author Edith Blyton. We have enjoyed studying her book “Magic Faraway Tree” and concluded that she was a very imaginative and creative writer.

Inspired by such great ideas the class has put their own imaginations to work this week with some super impressive descriptive compositions about their own Tree Houses and Creative Hats. Amazing writing everyone.
